# ABOUT US

**Al Aaqil Food Products** is a reputed name in the global food export market, with a strong specialization in supplying eggs of various types to international buyers. We believe that food is not just about taste, but also about trust, health, and nutrition, which is why we put great emphasis on delivering only the finest eggs to our clients worldwide. With years of experience and a commitment to excellence, we have built a reputation for being a dependable partner for importers, distributors, and wholesalers.

**Our operations are guided by the principles of**

**INTEGRITY**

**TRANSPARENCY**

**CUSTOMER SATISFACTION**

Every egg that leaves our facility goes through a strict process of selection, grading, and packaging to ensure it meets global quality standards. By combining

modern technology with traditional care in handling, we ensure that our eggs retain their freshness, nutritional value, and natural taste until they reach the customer's table.

# Our Product Range

At Alaaqil food exports, We offer a comprehensive variety of eggs,

## □ **Kadaknath Eggs, (Black Chicken Egg) بيض الدجاج الأسود**

Kadaknath eggs come from the rare Kadaknath chicken breed, famous for its distinctive black meat. These eggs are highly nutritious, packed with essential amino acids, vitamins, and minerals, while also being naturally low in cholesterol compared to other varieties. Their unique qualities make them a superfood choice, known for boosting stamina, strengthening immunity, and supporting overall health. Highly valued in Ayurvedic practices and traditional medicine, Kadaknath eggs are considered a premium product for health-conscious consumers worldwide.

## □ **Sonali Eggs (Organic or indigenous breed)**

Sonali eggs are laid by the Sonali hybrid hen, a hardy and adaptable bird known for consistent egg production. These eggs are usually brown-shelled, clean, and strong, with a rich flavor that makes them perfect for everyday meals. Packed with balanced protein, vitamins, and minerals, Sonali eggs are ideal for households seeking both taste and nutrition. They are widely appreciated in Bangladesh and Eastern India, where they have earned a reputation for being both affordable.

## □ **RIR Eggs (Rhode Island Red Chicken Egg)**

RIR eggs are produced by the Rhode Island Red breed, -laying hens. Known for their large size, strong brown shells, and rich nutritional content, these eggs are a staple for both households and commercial buyers. They are an excellent source of high-quality protein, Vitamin D, calcium, and minerals, making them perfect for daily consumption. With their consistent quality, superior taste, and dependable supply, RIR eggs are a trusted choice for restaurants, retailers, and families alike.

## □ **Index Chicken Eggs (Indigenous/Desi Eggs)**

Index chicken eggs are derived from indigenous, free-range chicken breeds that are naturally raised in traditional environments. These eggs are known for their deep yellow yolk, rich flavor, and high medicinal value. Because they are easily digestible and nutrient-dense, Index chicken eggs are often recommended for children, the elderly, and those recovering from illness. Considered a premium, health-focused product in both domestic and export markets, these eggs represent the purity and authenticity of traditional Indian poultry farming.

**"Every Egg Passes the Test of Trust."**

## What Makes Us Different

**Nutrition & Provenance:** Flagship Kadaknath (exotic indigenous breed) and desi free-range eggs—sought for taste, authenticity, and health-aligned positioning. **Compliance First:** Built around FSSAI / ISO 22000 / HACCP / Halal, with IEC (DGFT) and APEDA RCMC for export readiness, aligned to Qatar's MoPH requirements from day one. **Brand & Education:** Premium packaging plus QR-based traceability and clear shelf education elevate eggs from commodity to functional luxury.

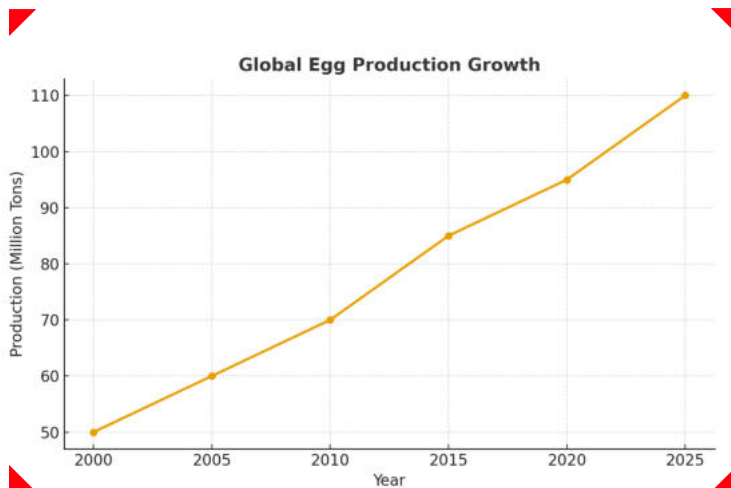

## Market Opportunity (Why Now)

Eggs remain a global dietary staple with continued growth; specialty segments—free-range, rare breed, organic—outpace commodity eggs.

Consumers and chefs increasingly reward provenance, welfare, and authenticity, creating durable pricing power for premium, story-led brands.

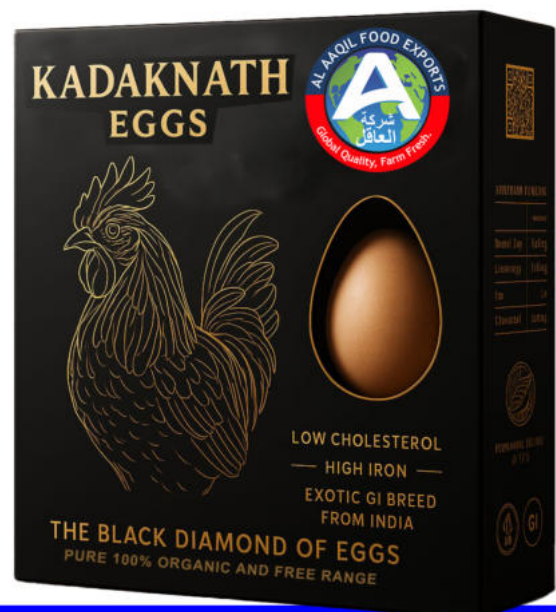

### Go-to-Market: Qatar (Phase 1)

Importer Access: Operate with a licensed Qatari importer; comply with MoPH on bilingual labels, production/expiry dates, storage, country of origin, batch/lot, and importer details. Positioning: Bilingual packs (EN/AR), premium fixtures, chef outreach; trials with nutrition-forward Cafés/gyms/hotels.

Formats & Pricing: Premium 6-packs, 10-Pack, gift tubes Education: QR landing page → breed story, welfare practices, nutrition comparison, and farm provenance.

## Compliance & Trade Readiness

India: IEC (DGFT), APEDA RCMC, FSSAI license; operating to ISO 22000 / Origin Certificate exporter/establishment approvals as required. Qatar: Valid importer license, MOC approvals; correct classification (e.g., HS Code 0407 for eggs) and supporting health/sanitary certificates and labels.

## OUR MISSION

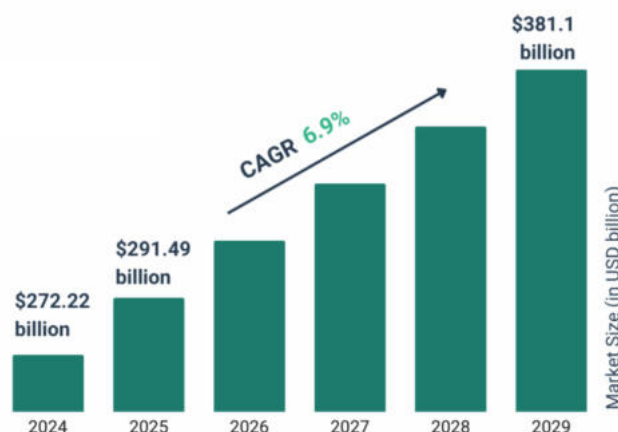

**Our Mission At Al Aaqil Food Products**, our mission is to deliver excellence with every egg. We are committed to: Providing eggs that are nutritious, hygienic, and fresh. Maintaining international quality standards at every stage of production and export. Building long-term partnerships based on trust, transparency, and value. Continuously innovating and upgrading our processes to serve global markets better. Promoting health, wellness, and sustainability through our diverse product.

## OUR VISION

Our Vision To be a globally trusted leader in the export of premium quality eggs, recognized for our freshness, reliability, and commitment to health and nutrition. We aim to make Al Aaqil Food Products a household name across international markets by setting new standards in quality, sustainability, and customer satisfaction range.
